Vo: Why this university?  
Me: (I started saying and Vo interrupted me and said you're too fast, I can't understand and I can't approve your visa So speak slowly and then)  
Apologies mam, because, The course structure provided by this program at USM perfectly aligns with my 3 years of work experience and I'm especially impressed by the creative research done by Dr. Benarji on the area of specialization which I wanted to pursue and he

has published many papers on the same area, So I wanted to learn more skills and finish my graduate thesis under him.

Vo: Why this course?

Me: Mam, while my current job is able to give me some good real-time experience but couldn't fulfill my desire for research-oriented work and My interest is to pursue my career in Research and Development. So I decided to switch back to the academic world for further growth and profile enrichment and master's advanced subjects will help me in solving the more complex business-related problems.
